

LAKE DAVIS
PIKE ERADICATION
PROJECT EIR/EIS

CA Department of
Fish & Game

United States
Forest Service

Legend

- Streams
- Lake Davis @ 48,000 Acre Feet*
- Lake Davis @ 35,000 Acre Feet
- Lake Davis @ 15,000 Acre Feet
- Lake Davis @ 5,000 Acre Feet
- Project Area

All other areas with the Drainage Area Boundary (project area) will be surveyed for flowing and standing waters that will be treated with rotenone as needed. Surveys will be conducted prior to and as a part of the project.

Lake Davis acre feet levels are based on the best available lake depth and bathymetric data provided by the California Department of Fish & Game.
